WALLS

**Multidimensional walls
carved into Staron® Solid Surfaces**

marioromanowalls.com.au

Mario Romano Walls is an exclusive line of multidimensional walls carved into Staron® Solid Surfaces. Achieving unlimited scale with intricate detail and providing a textured design on a durable surface. Feature Mario Romano Walls in lobbies, restaurants, hotels, shopping centres, hospitals, kitchens, bathrooms and endless other application environments. Carved directly into Staron® Solid Surfaces, Mario Romano Walls are non porous, hygienic and resist stains. They offer a finish solution in one step. No painting. No sanding. No grout. Simply place the pieces together that are interconnecting to create the finished design. Mario Romano Walls are a break out design language that is created by an innovative manufacturing process, involving the latest in parametric computing and CNC machining technology. Designed by renowned Mario Romano in California, then manufactured and installed by local Staron® fabricators, the wall system enables the beauty of complexity to be experienced, touched and even showered in. Engineered to endure, these highly durable walls are bringing a high level of unique and desirable design possibilities. **Austaron Surfaces** are the proud distributors of Staron® Solid Surfaces, Mario Romano Walls, Acrylic Couture® and Kaynemaile® architectural mesh. To view the full Mario Romano Walls collection, visit marioromanowalls.com.au
