## Important Information

- Standard size of Staron sheets is 3680mm (L) x 760mm (W) x 12mm (H).
- Staron Bright White is also available in two additional formats,
  1. 3680mm (L) x 930mm (W) x 12mm (H).
  2. 3050mm (L) x 930mm (W) x 19mm (H).
- Staron can be finished to matt, satin, semi-gloss or high-gloss finishes, the samples displayed in the case can vary in finish level.
- Staron Aria, Premiere & Supreme collection features patterning and veining across the entire sheet, see website for full sheet view and/or request larger samples.
- Staron is made in South Korea by Lotte Chemical & manufactured from a safe natural mineral refined from bauxite and blended with pure acrylic resin.
- Staron achieves a Group 1s Fire rating, tested in accordance with AS ISO 9705: Full scale room test, and classified with C/VM2 verification method.
- Staron is silica & polyester free.
